

BEVERLY BEACH WATER DISTRICT MINUTES

February 17th, 2021

IN ATTENDANCE: Board Members Tim Gross, Leon Nelson, Emily Blume, Asia Richardson (phone), Water Operator Ted LePine

The meeting was called to order at 6:05 p.m.

PAST MEETING MINUTES:

The minutes were emailed, but they were not discussed or approved

WATER OPERATOR'S REPORT:

Water quality is good and no concerns to report. Tim had to fix a break today in the Finisterre neighborhood as a contractor had hit the line. Ted was out of town so Tim stepped in to save the day

FINANCIAL REPORTS

Financials were mailed out earlier last month and there are no concerns reported. Tracy Goudy came by to pay part of her water bill, but we informed her she needed to mail it to Lurlyn. Ted was there to guarantee that he would not shut her water off

OTHER

Motion was moved and approved to take the fee that is charged for a yearly water report out of Daryl's monthly paycheck. About \$120 as that is his job to file these reports annually and he has not been doing that. Tim will be mailing him a letter letting him know that the board approved this motion

Meeting adjourned at 6:32PM

Signed and respectfully submitted _____

Emily Blume, February 17th, 2021
